

2013 Craft Group Report Annual Report

The Craft Group meets weekly for creative and social interaction. We are always looking for new people to join us in our crafting endeavors. Our main focus is on creating craft items to sell at the Bazaar which is held in early November each year. We also make a variety of chocolate treats that we sell during the Easter and Christmas seasons. This year we helped the Vacation Bible School by making the name tags for the children to wear. Our craft endeavors encompass a lot of different materials and skills to make our craft table a place to find unique gifts for the Christmas season

The profits that we earn are used to purchase items that the church needs, we also contribute to fund raising projects that the church conducts. This year we purchased much needed items for the kitchen.

We would like to thank those who supported our fund raising projects and those who donated craft items throughout the year to help us with our project.

Respectfully Submitted,

Sallie Trainor
